PRINCIPAL’S MESSAGE

Jay Washington
LISMORE Storm development officer Jay Washington is taking Kadina’s Under 15 boys and girls teams through their paces during Wednesday sport over the next six weeks.

Having played since he was about four years of age, Washington is helping hone their skills.

"I’m looking at their offensive and defensive skills, and ball handling - everything to help them to be better basketballers. So, over the next six to seven weeks, I hope to advance them further."

Japanese Student Visit

On Monday August 4th Kadina High School hosted students from Yamato Takada, Lismore’s sister city. This initiative follows Kadina High School establishing a sister school Takada Commercial School in Yamato Takada. The students were excited when they first arrived as one of our resident Koala’s was out and about for all to see. During the day they spent time in the Hospitality section of the Trade Training Centre, making lamingtons and ANZAC biscuits. They also painted boomerangs, and spent time in the school’s Agricultural plot.

The reason for the timing of the visit was to celebrate the 51st anniversary of the Lismore Yamato Takada sister city relationship. On the 7th of August I had the opportunity along with several other Primary Principals to have a Skype link up at Lismore City Council Chamber to meet and greet the Principals from our sister schools. At the meeting our Deadly Doobs performed a traditional aboriginal dance and photographed are our visiting students, Kadina students, Lismore Mayor Jenny Dowell and in the background the Japanese delegates from Yamato Takada.

Year 8 into 9 Subject Choice Information Evening
Parents and students are invited to meet Head Teachers in the school MPC on Monday August 18th between 6pm and 7pm. This is an opportunity to ask questions in preparation of elective choices for the 2015 school year.

Mr Davies
Principal
On Friday 1st of August 2014, 21 young scientists visited Minyon Falls with Mrs Jacob and Mr Wilkes. Christine Freeman from the Dorrroughby Education Centre assisted the students in collecting data using transects, quadrats and gadgets that could measure temperature, light intensity, wind speed and humidity with the touch of the button. Mr Wilkes cooked up a storm on the BBQ even catering for the vegetarians.

In the afternoon we took to the ponds with dip nets. All kinds of critters were caught and released including mayfly larvae, mosquito larvae, shrimp and even a giant tadpole of the endangered Great Barred Frog. As well as having a great day, from the data collected, both the terrestrial and the aquatic parts of the ecosystem were deemed to be extremely healthy.

SICKNESS PROCEDURE

If a student becomes sick at school they should:
1. First inform their teacher or any teacher if in the playground.
2. If directed to, the student should then report to the main office with a note.
3. If the student is unable to immediately return to class it is policy that parents are contacted by the school and asked, to pick up their child.

Uniform Pool

If you have outgrown school uniform tops and jumpers, the school can take them off your hands to place in the school uniform pool.
Just drop them off at the school canteen.
Your support is appreciated!

LATE FOR SCHOOL

Please support your children by encouraging them to arrive on time.
All late arrivals need to be supported by a note with your child’s name and roll class signed by a parent/guardian explaining the reasons for the lateness.

News Flash

Jackets, Polo tops and Long Pants have just been restocked in the Canteen
